

Heaven In Business – South Jersey

June 16, 2019

This month's Heaven In Business meeting focused on community.

*A community is a group of people living in the same place or having a characteristic in common
A feeling of fellowship with others, as a result of sharing common attitudes, interests, and goals.*

Relationship is an important part of community that is missing in the world's definition. We discussed ways to build relationships in our communities, both at home and the workplace. We shared testimonies of how our team members are building relationships in their different communities such as cooking meals for the local fire station, holding daily prayer meetings at work, taking care of a park for the town, asking God daily for an encouraging word for a coworker. Ask God for ways to build your relationships in your community!

Kickoff the conversation about community with those around you and even those at your church. Share the vision of the community center, a place to build relationships. Share the vision of Heaven in Business, a way to transform your workplace and community!

Be bold this month and spread the vision of community, the vision of God's Kingdom, the vision of Heaven on Earth!
