

Heaven In Business – South Jersey

May 18, 2019

This month we had another amazing meeting with our Heaven in Business, SJ team. We started with encouraging testimonies about how God is moving in our workplaces and pouring out His Favor! We love hearing the amazing things God is doing in each and every business and ministry.

The teaching for this month focused on the idea of not just giving someone an encounter with Jesus, but a relationship with Jesus. It challenged us to think of what needs to change in our own life to show people the love of Jesus in our workplaces and ministries. We looked at Daniel in the bible as an example of what is possible when we bring God to our workplace. We became vulnerable and gave an area in which we want to grow to show Jesus to those around us. We each picked one person in our workplace to be focused and purposeful with to show them what it is like to have a relationship with Jesus. We are so excited to hear the testimonies that will come from this challenge of not only how God touches the people God has highlighted but also how we as a team grow in the area of our lives we shared about.

Scripture used in this month's teaching: Luke 2:49

Love & God's Blessings,
